### Equity Capital - May the Flow be With You!

It seems like the economy is still providing steady growth at 2+%, and the CRE sector seems stable with no specific property type drastically overbuilt. So, where are the best risk adjusted investment opportunities now? With markets outside the U.S. showing signs of volatility and slower growth, will capital continue to flow in from overseas? What about the public markets? Will M&A continue without meaningful IPOs? Are return thresholds in line with what the market will actually provide?

On May 18th, REIAC has assembled an outstanding group of experts to opine on the strategies of REITs, Pension Funds, Life Companies, Family Offices, Sovereign Wealth Funds and Private Equity Firms. Our nationally-known panel will examine where equity investors are placing their capital today and the challenges they see the industry facing over the next few years.

### Confirmed speakers include:

- Greg Spick:** Director of Private Markets for the \$29B UPS Group Trust
- Mark Wilsman:** Managing Director and Head of Equity Strategies for MetLife Real Estate Investors
- Sherry Rexroad:** Managing Director and Chief Investment Officer of the Americas at BlackRock - the largest asset-management company in the world with more than \$4 trillion under management.

Please join us on May 18th for this unique gathering of some of the top minds in commercial real estate. As always, an array of food and an open bar will be provided. We thank our generous sponsors for their support: ATC Group Services LLC; Crown Advisors; Dentons; First American Title Insurance Co.; Habif Arogeti & Wynne; Georgia Primary Bank; and KeyBank Real Estate Capital.
